

# DARYN BOND

BONDINSTITUTE.NET

Daryn Bond, musician, theorist, programmer & performer, combines music, mathematics and the interactive potential of computers to design audio-visual performance systems featuring his original "Harmonic Matrix Theory".

Works presented at the International Computer Music Conference, Subtle Technologies, CCCP Trifecta, Cluster New Music + Integrated Arts, send+receive v.11, Halifax Sound Bytes, Vox Novus 60x60 & the Winnipeg Symphony Orchestra's New Music Festival.
